Terminology

<p>Competitions, Tournaments and Championships</p>	<p>Throughout these Regulations, reference will be made to ‘Competitions’, ‘Tournaments’ and ‘Championships’. For clarity, the word ‘Competition’ will be used to describe <u>all</u> such competitive events covered by these Regulations. In addition, two specific types of ‘Competition’ will be referred to throughout –</p> <p>‘Tournament’ applies to any Inter-Club, Schools and Colleges Competition where a team of players participates on behalf of a Club, School or College.</p> <p>‘Championship’ applies to any Golf Ireland Competition which have been so designated because of their competitive nature. These are normally staged for individuals but also occasionally pairs competitions.</p> <p>In addition to these two types of Competitions, other Competitions legislated for include national competitions for club golfers and representative matches.</p>
<p>Handicaps and Home Clubs</p>	<p>The term ‘Home Club’ will always mean the club which controls the player’s Handicap Index in accordance with Rule 1.4b of the Rules of Handicapping</p> <p>All references to the term ‘Handicap Index’ mean the value that is calculated as per Rule 5.2 of the Rules of Handicapping. This means that a Handicap Index as referred to throughout these Rules is always rounded to one decimal point, rather than a whole number and the Course Handicap is always rounded to a whole number before the Playing Handicap adjustment is applied</p>
<p>Hard Card</p>	<p>Golf Ireland’s Hard Card consists of the Regulations of play that govern all championships and other designated events. It consists of the additional local rules and the Terms of Competition that apply to all such competitions except Inter-Club. An electronic copy of the Hard Card will be available online in the information section for each competition on www.golfireland.ie.</p>
<p>Team Captains</p>	<p>When reference is made to a ‘Team Captain’ in the below Regulations and Terms of Competition, this will also refer to individuals delegated to discharge such administrative duties for which the Team Captain is responsible in the Regulations and Terms, including the submission of teams, reporting of results and making claims. This includes individuals delegated to act on the Team Captain’s behalf at one of the venues when matches in a round are played in two different venues.</p>

(c)	Regional Trophies must be returned to the Regional Office by the date specified in relevant Championship/Tournament Regulations.
(d)	A competitor may win one voucher only, but it will be a matter for the specific Terms of Competition whether a competitor may win more than one trophy.

Reg. 8. CHAMPIONSHIP ENTRIES

(a)	Entry fees shall be determined by Golf Ireland.
(b)	Entries will not be accepted following the entry deadline under any circumstance save for that covered by Regulation 8 (c) below.
(c)	All Championships will close for online entry 28 days before the commencement of the competition, except where the field size has not been filled (in which case entries may remain open for a further period at the absolute discretion of the Committee, with the proviso that entries are not extended beyond the time the draw is published).
(d)	The draw for all Championships will be released seven days before the Championship, after which time no refunds will be given in any circumstances.
(e)	Submission of an entry does not guarantee entry in any Championship.
(f)	All entries shall be subject to the approval of the Committee.
(g)	Where Handicap Index is used to determine the field, the exact Handicap Index at closing date of entry will be used for administration purposes.
(h)	Data Protection: Golf Ireland will only store and use personal information in relation to current or future events, in adherence to the General Data Protection Regulation.

Reg. 9. ENTRIES INTO & PARTICIPATION IN INTER-CLUB TOURNAMENTS

(a)	Entrance fees for Inter-Club competitions will be decided from time to time by the Board of Golf Ireland, which at all times reserves the right to refuse entry into Inter-Club competitions run under its auspices. Entry, accompanied by the fee, must be sent to the authorised official of Golf Ireland. In the event that a club does not pay its annual subscription in accordance with the Memorandum, Articles and Regulations of Golf Ireland CLG, acceptance of an entry fee from said club shall not confer the right to compete.
(b)	Where matches are played on a home/away basis, both teams may, at their discretion, make reciprocal complimentary practice available to the away teams, including two substitutes in competitions with team sizes of seven or less, or including four substitutes in competitions with team sizes of in excess of this. Due notice must be given by teams intending to practise in these circumstances.
(c)	It will be a condition of entry that participating clubs will provide the facilities of the course and clubhouse to the running of the competitions at reasonable intervals by arrangement with the Regional or National Offices of Golf Ireland. A reasonable interval is not necessarily annual, although it may be by agreement between the club and Regional/National Office; but it is, in any event, sufficiently regular to ensure the smooth running of Golf Ireland's competitions. Regional Offices may, from time to time, further define these intervals for the avoidance of doubt.
(d)	<p>Deadlines for Home/Away Matches:</p> <ul style="list-style-type: none"> i) Matches must be arranged and completed on or before the deadline date for each round. ii) It is recommended that the club drawn at home should contact the opposing club to arrange the time and date for the next match as soon as possible after the result of the previous round has been posted. It is also recommended that, where possible, a choice of at least two dates – one of which should be a weekend day – should be offered by each Team Captain. Finally, it is recommended that, where possible, matches should be played at the same time. iii) If the two teams cannot mutually agree a date for the match, the match date is automatically designated as the date on which the deadline falls. In any event, if the match has not concluded by the deadline date and where a walkover has not been given, both teams are eliminated, with the sole exception to this provided for in v) below. iv) Only in the event of failing light, a flooded course, or danger to life from lightning, or the reinstatement of a team due to the late disqualification of their opponents in the previous round, matches not begun or not completed must be concluded within the following 48 hours. For matches which had started, on the suspension of play, players shall mark the spot of the ball and lift the ball. Play shall recommence from the spot where the balls were marked, when play was suspended (see Rule 5.7d). v) If one venue is rendered unplayable, this does not mean the other venue also discontinues play. i.e. that portion of the match shall continue regardless of playing conditions at the other venue. vi) In the event of a course not being suitable for play in any round due to more than two temporary greens at an 18-hole course or more than one at a nine-hole course, or in the opinion of the Regional Championships Committee, abnormal

	<p>course conditions, home advantage must be conceded unless prior approval of the relevant Regional Office is obtained.</p> <p>vii) In the event of both courses being unplayable prior to the deadline for the completion of the round, the provisions of Regs. 9 (d) iv and 9 (d) v above apply. Contact must be made with the Regional office to confirm the activation of this contingency.</p> <p>viii) Participating clubs are responsible for their own expenses.</p>
(e)	In the case of Tournaments which have both Regional and National stages, Regions may, at their discretion, publish additional administrative requirements, fines and penalties for the purpose of assisting with the smooth running of the Tournament in each region.

Reg. 10. STRUCTURE OF ALL-IRELAND INTER-CLUB COMPETITIONS

(a)	Unless otherwise stated in the specific Terms of Competition, All-Ireland Inter-Club competitions will consist of national and regional sections.																																																																																												
(b)	The regional section will be administered by the four regions of Golf Ireland, and will, unless otherwise stated, consist of eight Competition Areas (one in Connacht, two in Munster, two in Ulster and three in Leinster). Where entries received in any Competition Area are fewer than four, Golf Ireland will modify the Tournament structure in the manner deemed most equitable.																																																																																												
(c)	The winner of each Competition Area will advance to the national section, which will consist of three rounds – a quarter-final, semi-final and final.

Reg. 11. COURSES/WEATHER

(a)	All participating clubs are required to have a golf course with a current Course Rating and Slope Rating, where length and normal playing difficulty is maintained at a consistent level and in accordance with Appendix G of the Rules of Handicapping.
-----	--

(b)	Clubs with more than two temporary greens (or in the case of a nine-hole course more than one temporary green) must contact the applicable Regional Office before any Golf Ireland Inter-Club match.
(c)	If preferred lies are in operation they must comply with the Model Local Rule (MLR) E-2 and/or E-3 in the Committee Procedures of the Official Guide to the Rules of Golf. 'Rake and Place' or other local rules not authorised in the Committee Procedures of the Official Guide to the Rules of Golf are not permitted.
(d)	Portable mats are prohibited in all Regional and National Inter-Club competitions.
(e)	The use of Model Local Rule E5 (alternative to stroke and distance) is not permitted.
(f)	When play is suspended, a team/player(s) that has/have already commenced play must resume play of the re-scheduled match. i) Any player(s) who is/are unable to resume play in the re-scheduled match must concede their match. ii) A team/player(s) who have/has not commenced play may be substituted even if team sheets have already been exchanged prior to the re-scheduling of the match. iii) When a team has commenced play and play is suspended, the provisions governing substitution as set out in Regulation 20 of these Rules apply to those players who had not commenced their match only. iv) Every effort should be made to agree a suitable date. v) Only in the exceptional circumstances set out in Regulation 9 (d) iv above, a short extension to accommodate a re-scheduled match may be granted by the Committee.
(g)	Team Captains do not have the authority to modify the Local Rules of the host club or to introduce Local Rules unless permission is sought from the relevant Regional Office. In exceptional circumstances the Committee may authorise an alteration to Local Rules.

Reg. 12. DRAWS

(a)	<p>Individual Championships: Unless otherwise stated in the specific Terms of Competition, when qualifying rounds are held to determine the players who shall take part in the ensuing Match Play, then the draw for the match is carried out according to the automatic draw and the number given to each qualifier is determined by the score returned, e.g. the lowest score returned will be No. 1; the second No. 2, etc:</p> <table border="1" data-bbox="354 1691 1316 2038"> <thead> <tr> <th>Upper Half</th> <th>Lower Half</th> <th>Upper Half</th> <th>Lower Half</th> </tr> </thead> <tbody> <tr> <td colspan="2" style="text-align: center;">64 qualifiers</td> <td colspan="2" style="text-align: center;">32 qualifiers</td> </tr> <tr> <td>1 v 64</td> <td>2 v 63</td> <td>1 v 32</td> <td>2 v 31</td> </tr> <tr> <td>32 v 33</td> <td>31 v 34</td> <td>16 v 17</td> <td>15 v 18</td> </tr> <tr> <td>16 v 49</td> <td>15 v 50</td> <td>8 v 25</td> <td>7 v 26</td> </tr> <tr> <td>17 v 48</td> <td>18 v 47</td> <td>9 v 24</td> <td>10 v 23</td> </tr> <tr> <td>8 v 57</td> <td>7 v 58</td> <td>4 v 29</td> <td>3 v 30</td> </tr> <tr> <td>25 v 40</td> <td>26 v 39</td> <td>13 v 20</td> <td>14 v 19</td> </tr> <tr> <td>9 v 56</td> <td>10 v 55</td> <td>5 v 28</td> <td>6 v 27</td> </tr> <tr> <td>24 v 41</td> <td>23 v 42</td> <td>12 v 21</td> <td>11 v 22</td> </tr> <tr> <td>4 v 61</td> <td>3 v 62</td> <td colspan="2" style="text-align: center;">16 qualifiers</td> </tr> </tbody> </table>	Upper Half	Lower Half	Upper Half	Lower Half	64 qualifiers		32 qualifiers		1 v 64	2 v 63	1 v 32	2 v 31	32 v 33	31 v 34	16 v 17	15 v 18	16 v 49	15 v 50	8 v 25	7 v 26	17 v 48	18 v 47	9 v 24	10 v 23	8 v 57	7 v 58	4 v 29	3 v 30	25 v 40	26 v 39	13 v 20	14 v 19	9 v 56	10 v 55	5 v 28	6 v 27	24 v 41	23 v 42	12 v 21	11 v 22	4 v 61	3 v 62	16 qualifiers

(b)	In Stroke Play championships, the draw for the initial rounds of Championships will be conducted at the discretion of the Committee. The draw for subsequent rounds will, where possible, be conducted in reverse order of scores.				
(c)	Wherever a cut is imposed at a certain stage of a competition, qualification for subsequent rounds will take the leading scores in the specified number <i>that are available to compete</i> . Therefore, wherever an individual whose score is inside the cut withdraws prior to the closure of the final qualifying round, they, when withdrawn, will be removed from consideration.				
(d)	<u>Team (Inter-Club) Competitions:</u> In all draws conducted for Inter-Club competitions, the team that appears first in the draw will have home advantage in the preliminary round and/or round 1. However, thereafter, home advantage will be determined by number allocated to each team, which will be drawn at random prior to the commencement of the competition.				

SECTION C – HANDICAPS (Regulations 13-15)

These Regulations cover Golf Ireland’s approach to the application of handicaps in its Inter-Club competitions, specifically in the matters of handicap allowances (which will be in accordance with Appendix C of the Rules of Handicapping), verification of handicaps and the presentation of handicap information on team sheets.

Reg. 13. HANDICAP ALLOWANCES (PLAYING HANDICAPS)

(a)	<p>Playing Handicaps in Stroke Play as prescribed by the Rules of Handicapping:</p> <ul style="list-style-type: none"> i) Individual Stroke Play, Stableford, Par/Bogey, and Maximum Score: 95% of Course Handicap ii) Four-Ball Stroke Play & Stableford: 85% of Course Handicap iii) Foursomes: 50% of the combined Course Handicap of a Pair iv) Scotch Foursomes/ Greensomes: 60% of the Low Course Handicap + 40% of the High Course Handicap
(b)	<p>Under the Rules of Handicapping, in each form of handicap Match Play, sides first work out their Playing Handicaps and then take their full shots from each other, as follows:</p> <ul style="list-style-type: none"> i) Individual Match Play – 100% of Course Handicaps. ii) Four-Ball Match Play – All players take 90% of their Course Handicap as their Playing Handicap and players receive the difference between their own Playing Handicap and that of the player with the lowest Playing Handicap. iii) Foursomes Match Play – Each pair determines their side’s Playing Handicap (50% of the combined Rounded Course Handicaps of a Pair) and then determines the strokes given or received based on the full difference between their Playing Handicap and the opposing pair’s. iv) Scotch/Greensomes Foursomes – Each pair determines their side’s Playing Handicap (60% of the Low Course Handicap + 40% of the High Course Handicap) and then determines their strokes based on the full difference between their Playing Handicap and the opposing pair’s.

Reg. 14. HANDICAP VERIFICATION

(a)	<p>To verify handicaps for Competitions, prospective entrants/competitors will be requested to provide all information necessary for this purpose, including CDH number or handicap certification.</p>
(b)	<p>Championship Ballots in 2021: Following the recent introduction of the World Handicap System, in addition to the curtailment of playing opportunities due to the COVID-19 pandemic, the Committee reserves the right, when assessing the ballot for all events, to revise the standing of any player due to any observed anomalies of the system. This may include a player whose Handicap Index may qualify him/her for the field of an event but whose handicap scoring record is not fully established (ie, falls well below 20 scores on their record at the close of entries, spanning the current year and the previous two years). Decisions on these matters will be at the Committee’s discretion.</p>

(c)	The final responsibility for playing off the correct Course Handicap rests with the player, who will be subject to penalties in accordance with Rule 3.3b(4) of the Rules of Golf.
(d)	It will be Golf Ireland's responsibility to verify that individuals meet any Handicap Index eligibility criteria specified in the Terms of Competitions, EXCEPT in any round of an Inter-Club competition where a Golf Ireland official is not in attendance. As per Regulation 20 below, in this circumstance, the controlling body is empowered to devolve the verification of Handicap Indexes to the Captains of teams about to engage in a match. Where responsibility is so devolved, the two Team Captains MUST exchange team sheets and handicap information of their players 30 minutes prior to the commencement of the match. Any claims or protests lodged regarding this information are subject to the same timeline as set out in Section E of the General Regulations below.
(e)	<p>A report will be available from http://www.golfireland.ie/ to help facilitate the process outlined in Reg 14 (d) above. In addition to its use along with the exchange of team sheets, clubs should note the following:</p> <ul style="list-style-type: none"> i) As a result of the transition from the CONGU Unified Handicapping System to the World Handicapping System on 2 November 2020, a number of clubs have required adjustments to be applied to members after 1 January 2021, due to the resolution of course mapping issues and other related transitional matters. ii) Where this has happened, it is possible that the impact of an adjustment may change a player's qualifying Handicap Index as it appears on their record on 1 January 2021. iii) To ensure that any such adjustments have been made for legitimate reasons in this circumstance, a flag will appear beside any player on the report who has had an adjustment applied to their Handicap Index after 1 January 2021. iv) It is strongly recommended that a Team Captain or Club Official downloads this report at least 10 days prior to their team's first match in a Tournament. Should a flag appear beside the name of any player, it is further recommended that the Team Captain or Club Official refers the flagged player to the Regional Office, so that confirmation can be obtained that the adjustment made to the player's handicap was legitimately required. v) Legitimate reasons here include the resolution of course remapping issues, the cancellation of general play scores input in the system in error during the closure of golf courses, and other transitional matters related to the introduction of WHS. However, the late application of the annual review of handicaps in a club after 1 January in the year of the event is not a legitimate reason for the adjustment of a player's handicap. vi) Where a Team Captain or Club Official has referred any flagged players to the Regional Office at least 10 days in advance of the club's first round in a Tournament, the Regional Office will issue written confirmation of the player's handicap on 1 January of the year of the tournament, for the purposes of clarifying the flag on the report beside the player's name. A copy of this should then be appended to the report when exchanging team sheets and handicapping information with the opposing Team Captain. vii) Where a Team Captain or Club Official has not downloaded the report and referred any flagged players to the Regional Office at least 10 days in advance of the club's first match in a Tournament, this does not mean that flagged players are ineligible, but confirmation of their eligibility and the correctness of their handicap as it appears on the report is still pending. Following the conclusion of the match, the opposing team may refer to the Regional Office any flagged players for whom written confirmation of their handicap has not already been obtained from the Regional Office. In the event that the Regional Office

	determines that an adjustment has been made without cause under v) above, and this results in a player either being found to be ineligible or playing off a higher handicap than they were entitled to, a penalty of disqualification will be applied to the player/pair involved. Please note that this only applies where the handicap declared affects strokes given or received – if the declaration does not affect the number of strokes given or received and the players fielded are eligible to compete in the competition, there is no penalty.
--	---

Reg. 15. HANDICAPS ON TEAM SHEETS

(a)	In all circumstances, the information submitted on the Team Sheet shall be the sole determinant of Handicap Indexes where matches are played off scratch. In handicap (net) events where an Order of Play is prescribed, it is the Playing Handicap which determines the order of play. The final responsibility for playing off the correct playing handicap and for knowing the holes where strokes are given or received rests with the player in accordance with rule 3.2c (1)/2 of the Rules of Golf.
(b)	In accordance with this, the penalty for recording on the Team Sheet a higher handicap than that to which the player is entitled shall be disqualification of the player/partnership. Where a lower handicap than that to which the player is entitled is recorded on the Team Sheet, the player/partnership must play off the declared handicap. <i>Please note that this only applies where the handicap declared affects strokes given or received – if the declaration does not affect the number of strokes given or received and the players fielded are eligible to compete in the competition, there is no penalty.</i> Penalties assessed under this Regulation do not apply if wrong handicapping information on the team sheet is corrected before the commencement of play in the match(es) concerned in accordance with Regulation 20 (j) of these Rules.
(c)	Where a handicap order is prescribed in the specific Terms of Competition, and a player/pair play out of handicap order the pair/player shall be disqualified from that match and their opponent awarded the match. There is no further penalty provided the remaining players play in order of handicap.
(d)	<u>Penalty for breach of Regulation 15:</u> Unless otherwise stated and where the Rules of Golf do not provide, the penalty for breach of Regulations 13-15 is <u>Disqualification of player/pair involved.</u>

SECTION D – RULES OF PLAY (Regulations 16-24)

The Regulations in this Section cover matters that arise during the playing of the game, and include Local Rules that will apply to all Golf Ireland competitions unless otherwise stated.

Reg. 16. CADDIES

(a)	Caddies are not permitted in any Golf Ireland events in 2021.
(b)	Penalty for breach of Regulation 16: The player gets the General Penalty for each hole during which there is a breach of this Policy. If the breach occurs between the play of two holes, it applies to the next hole.

Reg. 17. ADVICE IN TEAM COMPETITIONS

(a)	Each team may name one advice giver whom players on the team may ask for advice and receive advice from during the round. The team must identify each advice giver to the Committee before any player on the team begins his or her round. NOTE – In the case of Inter-Club matches where a number of matches are taking place simultaneously at two venues (e.g. three at home and two away or vice-versa), teams may appoint an advice-giver at each venue. (Rule 24.4)
(b)	The team may change its advice-giver during a round, but must tell the Official in Charge when doing so. For matches where an official is not present, the team must inform their opposing Team Captain or person in charge before doing so.
(c)	The advice giver must not point out a line of play on the Green or walk on the Green when the ball of a team player lies on the putting green.
(d)	In Team events where the age limit is under 18 or below, Professional golfers are not permitted to be advice givers.
(e)	Penalty for breach of Regulation 17 – The player gets the General Penalty for each hole during which he or she is helped by an advice giver/non-sanctioned individual contrary to the provisions of this Regulation. If the breach happens or continues between two holes, the player gets the General Penalty for the next hole.

Reg. 18. ORDER OF PLAY IN MEN’S BARTON SHIELD & BOYS FOURSOMES

(a)	In both of these competitions where Match Play is used, the full round of 18 holes is played with the overall result being determined by the aggregate of holes up deciding the winning team. If, in such a circumstance, the aggregate score of a match is all square after both games complete 18 holes, the second match as selected shall continue and the pairs contesting tie holes must maintain the way in which they have alternated strokes throughout the round in accordance with Rule 22.3 of the Rules of Golf. In a home/away match where one game is played at each participating club, in the event of a tie, the match played at the club drawn first/top will continue to play sudden death one hole at a time until there is a winner.
-----	--

Reg. 19. ORDER OF PLAY IN IRISH MIXED FOURSOMES

(a)	An enforced alternation of strokes is prescribed with the male player playing first from the teeing area of the first hole of the round and every second hole thereafter. The penalty for making a stroke in any other order will be aligned with the penalty for breach of Rule 22.3 (General Penalty). In Stroke Play, the side must correct the mistake in accordance with the procedure set out in Rule 22.3; otherwise the side is disqualified.
-----	---

Reg. 20. SUBMISSION OF TEAMS / SUDDEN ILLNESS & OTHER EMERGENCIES

(a)	Regional: Where a Regional Official is present, Team Captains must hand their team sheets complete with the required details to the Regional Official in Charge not less than 30 minutes before the start of play. Where no Regional Official is present, Team Captains of the two teams about to engage in a match must exchange, simultaneously, their team sheets complete with required details, including proof of eligibility not less than 30 minutes before the start of the match. In the Regional Stage of competitions where matches are played simultaneously in two venues, the order of play and handicap information must be exchanged in each venue. In order to ensure compliance with this requirement at Regional level, the Committee is empowered to disqualify teams who do not fulfil these requirements.
(b)	National: The order of play for the All-Ireland quarter-finals, with the names of reserves, must be handed to the Golf Ireland official in charge at the time designated in advance, and for the Semi-Final or Final not later than one hour after play in the particular semi-final has concluded.
(c)	No alteration may be made in the list handed in except in case of sudden illness or other emergency deemed justification for such an alteration by the on-site Tournament Committee.
(d)	In a competition where teams consist of no more than six players, whether singles or pairs in format, a Team Captain may nominate two reserves. In a pairs' competition (foursomes, four-ball, etc.) where teams consist of at least ten players, a Team Captain may nominate two reserve pairings.
(e)	Where the Terms of a specific Competition so state, teams must be listed in a prescribed order (e.g. Handicap Index).
(f)	In case of sudden illness or other emergency deemed justification for such an alteration by the Tournament Committee, and where a handicap order is prescribed (Handicap Index or Playing Handicap), the reserve shall play in order of the prescribed handicap. If any match has started, the reserve shall play in order of the prescribed handicap of the remaining players. If a reserve is not available the match concerned must be conceded. In Foursomes, if a reserve is substituted, pairings must play in order of the prescribed handicap. If the first match has started the remaining pairs must play in order of the prescribed handicap.

(g)	Where no such handicap order is prescribed in the order of play, reserves taking the place of players after the team has been submitted shall be placed in the same position in the team as that occupied by the player who has taken ill or has been withdrawn. In competitions covered by this Regulation involving pairs, a Team Captain also has the option of placing a nominated reserve pair in the same position as that occupied by a pair where one member of that original pair has taken ill or been withdrawn with sufficient justification in the view of the Tournament Committee.
(h)	The Penalty for breach of any of the foregoing clauses in Regulation 20 is disqualification of the team, including where false representations have been made to provide sufficient justification for the substitution of players or the order of play.
(i)	See Section C of the General Regulations for when handicaps are ‘declared’ following the submission of team sheets.
(j)	Notwithstanding c) above, if an error is discovered in the information returned on the submitted team sheet, this error may be corrected up to the commencement of play of the match concerned. For the avoidance of doubt, an error in this context is only in the information recorded for a player. No alteration to the order of play can be made unless the error in information returned necessitates such a change (e.g. in a competition where the team must play in handicap order). Under no circumstances can this clause be used for the discretionary alteration of the order of play or changing personnel listed after the team has been submitted.
(k)	Where for any reason a team is rendered ‘below strength’ (e.g., where only four players can be fielded in a five player competition), the following will apply: i) <u>Before the team-sheet has been submitted</u> : Where the team is rendered ‘below strength’ before submitting a team-sheet, the final place on the team must be left blank (e.g. for a five-player competition, the no.5 slot should be left blank). ii) <u>After the team-sheet has been submitted</u> : Where the team-sheet has been submitted and circumstances cause one or more player(s) to withdraw without the team being able to field a reserve, the match(es) involving the withdrawn player(s) must be conceded and the remaining order of play stands.

Reg. 21. ANTI-DOPING

(a)	Competitors who are on medication and in doubt as to their clinical status should seek advice from Sport Ireland. Please refer to www.sportireland.ie for anti-doping education, medicines/TUE’s & testing overview. Competitors may be tested for the use of drugs, which if positive, will lead to automatic disqualification.
(b)	Golf Ireland’s Anti-Doping Rules are the Irish Anti-Doping Rules, underpinned by Sport Ireland’s Anti-Doping Programme, as amended from time to time.

Reg. 22. DISTANCE MEASURING DEVICES

(a)	DMD’s are permitted but must conform to rule 4.3.
-----	---

Reg. 23. TRANSPORTATION

(a)	During a round, a player must not ride on any form of motorized transportation unless they are subject to medical confirmation of a disability as defined by the statutes of the Republic of Ireland and of the United Kingdom.
(b)	Exception 1: A player who will play, or has played, under penalty of stroke and distance is always authorised to ride on motorized transportation to complete this procedure.
(c)	Exception 2: Where in-round shuttling has been organised by the Tournament Committee, players may ride on the shuttle between holes identified in advance.
(d)	Exception 3: This Regulation does <u>not</u> apply to the following events – Connacht Senior Women’s Competition; the Leinster Senior Women’s Competition; and the Munster Senior Women’s Competitions.
(e)	Penalty for Breach of Regulation 23: The player gets the General Penalty for each hole during which there is a breach of this Local Rule. If the breach occurs between the play of two holes, it applies to the next hole.
(f)	Golf Ireland’s Transportation Policy sets out the manner governing the use of buggies.

Reg. 24. PACE OF PLAY

(a)	A player must not unreasonably delay play, either when playing a hole or between two holes and must play in accordance with Golf Ireland’s Pace of Play Policy.
(b)	The procedure for timing and penalties set out in Golf Ireland’s Pace of Play Policy (see Policy No. 5) will be enforced at all events where a Referee is present.

SECTION E – RESULTS AND DISPUTES (Regulations 25–28)

This Section deals with how results are determined and disputes resolved.

Reg. 25. RESOLUTION OF TIES:

General Note: Please note that (a), (b) and (c) below apply to all tied situations unless the Terms of a specific Competition prescribe a method of playoff to resolve a tie (e.g. for first place or for a final qualifying place). Where such a playoff is prescribed, this will be governed in accordance with (d) below.

(a)	<p><u>Individual Stroke Play:</u></p> <ul style="list-style-type: none"> i) 9 Holes: Decide on last 6, 3, 1. If still a tie decide on last 8, 7, 6, etc. If still a tie decide by lot. ii) 18 Holes: Decide on last 9, 6, 3, 1 holes. If still a tie decide on last 3, 6, 7, 8 of first 9 holes. If still a tie decide by lot. iii) 36 Holes: Decide on last 18. If still a tie decide as for 18 holes. iv) 54 Holes: Decide on last 36, last 18. SECTION F – COMPETITION POLICIES

1 - MEDIA

It is a condition of entry applying to all competitors that Golf Ireland, in line with the EU's General Data Protection Regulation (GDPR) and similar such provisions as may apply from time to time, may use video, photographs and similar references to competitors, in practice and play, in the publicity arrangements prior to, during and after its Competitions.

2 - DRESS CODE

Neat casual dress must be worn on the course and in the clubhouse for all Competitions. Attire must be clean, neat and tidy and in keeping with the high standards of the Clubhouse. Any type of footwear worn on the course is not acceptable in the Clubhouse.

3 - SAFEGUARDING

Golf Ireland is fully committed to the guidelines contained in the Code of Ethics and Golf Practice for Children's Sport in Ireland and in the Code of Ethics for Golf for Young People, or the most up-to-date equivalents.

4 - SPECTATOR GUIDELINES

Golf Ireland welcomes spectators to all of its Competitions. To ensure that all players feel comfortable on the course and enjoy their game these guidelines should be observed:

- i) Walk in rough & maintain a distance of at least 25 yards from players
- ii) Acknowledge good shots by all players equally
- iii) Do not give advice or interact with players
- iv) Do not give Rulings or call Penalties on players
- v) Do not disturb the play of others by moving or making noise
- vi) Be aware of the players in the groups behind
- vii) Do not move a player's bag as this may be construed as caddying. Breaches of these guidelines may be reported to the Tournament Office.
- viii) Always be alert to incoming ball flights, irrespective of positioning relative to the line of play. In this regard it is essential to be aware of play and activity in front of and behind.

Spectators attending Golf Ireland competitions assume full responsibility for all belongings carried onto the competition site, and for their personal safety with particular regard to 4 viii) above.

5 - PACE OF PLAY POLICY (Rule 5.6 of the Rules of Golf)

- a) Time allowed: Each player is responsible for playing without unreasonable delay (Rule 5). Where a Referee is in attendance each hole will be given a maximum completion time based upon the length and difficulty of the hole. The maximum time allotted for the completion of 18 holes will be posted prior to play.
- b) Definition of 'Out of Position': The first group will be considered to be 'out of position' if, at any time during the round, the group's cumulative time exceeds the time allowed

for the number of holes completed. Any following group will be considered 'out of position' if the group is greater than the starting interval behind the group in front.

- c) The Chief Referee at the event reserves the right to time a group when necessary. Further, if a player is determined by the Chief Referee to be unreasonably slow, they may be timed individually at the Chief Referee's discretion, regardless of whether their group is out of position.
- d) Procedure when group is Out of Position during a Round
 - i) If a decision is taken to time the group, each player in the group will be subject to Individual timing by the Official who will advise each player that they are 'out of position' and are being timed.
 - ii) The maximum time allocated per shot is 40 seconds. 10 extra seconds are allowed for the first player to play: 1) on a par three hole 2) their approach shot 3) a chip or putt.
 - iii) The timing will start when a player has had sufficient time to reach their ball, they have had a few seconds to select their club and they are able to play without distraction.
 - iv) Time spent determining yardage will count as time taken for the next stroke.
 - v) On the putting green, timing will start when the player has had a reasonable amount of time to lift, clean and replace their ball, repair ball marks and move loose impediments on their line of play. Time spent looking at the line from beyond the hole and/or behind the ball will count as part of the time taken for the next stroke.
 - vi) Timing ceases when a group is back in position and players will be advised accordingly.
 - vii) Penalties – First Bad Time = Verbal warning from referee; Second Bad Time = one Stroke; Third Bad Time = General Penalty; Fourth Bad Time = Disqualification
- e) Procedure when again 'Out of Position' during same round: If a group is 'out of position' more than once during a round, the above procedure will apply on each occasion. Bad times and application of penalties during the same round will be carried forward until the round is completed. A player will not be penalised if they have a second bad time before being advised of their earlier bad time.
- f) Ready Golf (Stroke Play only): Golf Ireland encourages players to play "Ready Golf". This is being introduced to improve Pace of Play and increase the enjoyment for all players. Simply put, "ready golf" means that each golfer within a group hits when ready. If you reach your ball and are ready to hit, while other members of your group are not yet prepared, then go ahead and hit – even if it is not your turn – provided it is safe to do so. Examples of Ready Golf include:
 - i) Hitting a shot when safe to do so if a player farther away faces a challenging shot and is taking time to assess their options.
 - ii) Shorter hitters playing first from the tee or fairway if longer hitters have to wait.
 - iii) Hitting a tee shot if the person with the honour is delayed in being ready to play.
 - iv) Hitting a shot before helping someone to look for a lost ball.
 - v) Putting out even if it means standing close to someone else's line.
 - vi) Hitting a shot if a person who has just played from a greenside bunker is still farthest from the hole but is delayed due to raking the bunker.
 - vii) When a player's ball has gone over the back of a green, any player closer to the hole but chipping from the front of the green should play while the other player is walking to their ball to assess their shot.
 - viii) Marking scores upon immediate arrival at the next tee, except that the first player to tee off marks their card immediately after teeing off.

6 - TRANSPORTATION POLICY

- a) Aims:
- i) The Transportation Policy of Golf Ireland as referred to in the relevant Competition Terms and Hard Card provides for Terms permitting players to use transport when playing golf.
 - ii) Golf Ireland wishes to encourage the participation in golf of all players including the participation of persons with disabilities whenever possible.
 - iii) It is recommended that other associations and golf clubs should take separate legal advice in the event that they wish to put in place a transportation policy appropriate to their specific needs.
- b) Definitions:
- i) 'Disability' has the same meaning as provided in the Irish Disability Act (2005) and UK Disability Discrimination Act (1995) which is as follows: A person has a disability if they have an enduring physical, sensory, mental health or intellectual impairment which has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.

- A player who presents a request form on the day without prior notice at one of the designated elite events will not be entitled to use motorised transportation.
- d) Application for Use at all other Golf Ireland Events: The Committee may require the submission of forms in advance of a competition. Where this requirement is not imposed, a player who presents a Golf Ireland Summary Medical Confirmation of Disability (see Appendix 3) signed and stamped by a registered medical practitioner will be permitted to use a buggy in all other Golf Ireland events, provided that such a buggy is available for use by a player and subject to the terms and conditions listed in f) and g) below. This form must be presented to a Golf Ireland Official in Charge or, on the day of matches which are played without the presence of such an Official, to the opposing Team Captain.

- e) Persons who may use a Golf Buggy:
- i) Competitors: A Golf Buggy may be utilised only by a competitor in possession of a Golf Ireland Buggy Certificate, and then only if (a) the Host Club permits the use of such vehicles and (b) no Health & Safety considerations prevent the use of such vehicles. In such circumstances, it is the responsibility of the person concerned to source a buggy, not Golf Ireland. The buggy may be used only by the person named on the certificate and may only carry their equipment. Where the disability prevents the player from driving the buggy, they may nominate a third party to drive the buggy for them, who must be approved by the Committee.
 - ii) Under 18 Competitors: Where a player is under the age of 18 years and has met the criteria above, the Committee shall reserve the right to specify that the golf buggy is driven by a person having parental responsibility for the player, or, in the case that such a person is unable or not competent or qualified to do so, another person of the Committee's choice.

- g) Committee Discretion on the use of a Golf Buggy: Where the use of a buggy by a player, or third party is permitted, the Tournament Committee on site shall have regard to the following additional health and safety considerations before granting approval at a particular event:
- i) Any relevant weather conditions.
 - ii) The condition of and suitability of the golf buggy.
 - iii) The topography and ground conditions.
 - iv) Any other relevant considerations which might affect the safe use of a golf buggy or impact on the safety of others.

Appendix 3 – Medical Confirmation of Disability

Medical Confirmation of Disability (Buggy Cert)

Reg. 23 of Golf Ireland’s General Competition Regulations states that

‘During a round, a player must not ride on any form of motorized transportation unless they are subject to medical confirmation of a disability as defined by the statutes of the Republic of Ireland and of the United Kingdom’.

The following confirmation is thereby required by applicants for use of a buggy or other motorised transportation during Golf Ireland competitions. The terms and conditions which apply to the use of this confirmation are set out in Regulation 23, and in Competition Policy No.6 (Transportation Policy) both of which should be read very closely by applicants. Where these rules require, prior submission of certification must be made no later than 10 days in advance of a championship.

The following confirmation must be filled out by a Doctor registered with the Irish Medical Council or UK Health Professions Council (as applicable):

In my capacity as a Doctor registered with the appropriate abovementioned body, I certify that

Name: _____

has a Disability which meets the definition of the Irish Disability Act of 2005 and the UK Disability Discrimination Act of 1995, and as a result of this Disability they may require a buggy to compete in golf tournaments.
